

In summer term 2018, the Data Science Master DKE offers fewer courses in some areas, due to exceptional circumstances. To assist the students who are now in the 3rd semester and prepare for their master thesis, the following arrangements are offered. If you are in your second semester, arrangement (4) applies to you. If you are in your first semester, it is advisable that you take a bit less courses now and more in the next term.

NOTE: These Arrangements are ONLY valid for courses and exams taken in the SUMMER TERM 2018!!!

Arrangements for Summer Term 2018

- (1) *One-time import of the course "Business Forecasting" (FWW) for the areas "Methods I" or "Models"*
The course has already started, and at most 10 students are allowed to enroll to it. Read on for ***Eligibility*** criteria and ***Registration before Enrollment***.
The deadline for enrolling to the SoSe 2018 exam of this course is April 27, 2018.
- (2) *One-time import of the course "Advanced Topics of Numerical Linear Algebra" (FMA) for the areas "Methods I" or "Models"*
The course has already started, and at most 15 students are allowed to enroll to it. Read on for ***Eligibility*** criteria and ***Registration before Enrollment***.
The deadline for enrolling to the SoSe 2018 exam of this course is announced by the Faculty of Mathematics.
- (3) *One-time assignment of "Methods I" courses to the area "Models", as follows:*
If you enroll to the SoSe 2018 exam of a FIN course belonging to the area "Methods I" for the 1st try, then you are allowed to place this course in the area "Models". Read on for ***Eligibility*** criteria and ***Registration before Enrollment***.
Courses already assigned to the area "Methods I" from previous semesters cannot be moved.
- (4) *One-time assignment of teamprojects (WTM) to the area "Fundamentals"*
Teamprojects that belong to one of the areas "Methods I", "Methods II" or "Applications" can be placed to the area "Fundamentals". This holds only for teamprojects that have not been registered yet. Registration to the teamproject and to the exam must take place before July 6, 2018. The exam must be completed before the end of the summer term 2018.

Eligibility for (1), (2):

You are eligible if and only if you satisfy all of the following criteria: you are in the 3rd semester of your studies, you have already 54 ECTS or more (two semesters) and you need modules in "Methods I" or "Models", beyond those offered in the FIN.

– Exceptions are possible if there are less students than seats. Contact you studies coordinator to check whether you are eligible.

Eligibility for (3):

You are eligible if and only if you satisfy all of the following criteria: you are in the 3rd semester of your studies, you have already 54 ECTS or more and you need modules in "Models". - contact you studies coordinator to check whether you are eligible.

– Exceptions are possible if there are less students than seats. Contact you studies coordinator to check whether you are eligible.

Registration before enrollment for the exams of (1), (2), (3): Contact immediately the Studies Coordinator: she is compiling the list of students who are eligible to enroll.
