INFORMATION EVENT "INTERNSHIPS AND ENTRY OPPORTUNITIES IN THE IT–INDUSTRY"

Topics

- Which companies do we have in our region?
- In which sectors are internships offered?
- Which entry opportunities are available?
- What will my future working place look like?
- Which fields are accessible for young professionals?

Regional companies in the IT industry introduce themselves and present vacant positions and internships. Use the opportunity to find interesting internships and get to know potential future employers!

Presentations by the following companies are planned:

- advanto Software GmbH
- IBM Client Innovation Center
- in4s GmbH
- InnoCon Systems GmbH
- UniNow GmbH
- XITASO GmbH

The course is open to all subject areas. The presentations will be conducted in German language, the Presentation–Slides and the individual discussions are held both in German or English.
